

MADDIE'S MURALS

MURALS | DECORATIVE FINISHES | TEXTURED WALLS

About

Maddie Rose Hills, based in London, has a lifelong career as a multidisciplinary artist, painting on canvas, walls and furniture alike, she is now offering murals by commission.

If you have any questions about pricing or the process, please email:

How It Works

Every commission begins with a consultation, preferably in person in the room where the mural will be painted, but can be online.

From the consultation you will receive an initial sketch of the space and design, together with a fixed quote for the project. The consultation is charged at £150, and deducted from the final price.

My portfolio has a range of existing murals which can be adapted for your walls. Or we can come up with something completely new, which will require a £200 design fee.

The Meadow

Full hand-painted room

The “Meadow” features foliage, flowers, butterflies, dragonflies, caterpillars and birds. The design can be tailored to your room, so branches swirl around features such as headboards and windows.

1 day’s work per 1 meter drop

The Tapestry

Inspired by Verdure Tapestries. Designed to fill an entire room or cover a single wall.

1.5 day's work per 1 metre drop

Decorative Finishes

In this room colour washed walls create a handpainted feel. Decorative details and tulips decorate the wardrobe doors.

Single Tree
